MEOS 2011 (25 – 28 September 2011)
Bahrain International and Exhibition and Convention Centre

On behalf of Kuwait Oil Company and our parent organisation Kuwait Petroleum Corporation and its subsidiaries, I would like to confirm our total support for MEOS 2011 which has been rescheduled to take place from 25 – 28 September 2011.

I am also honoured to serve as chairman of the 2011 conference organising committee, and together with my fellow committee members and the Society of Petroleum Engineers, we look forward to working towards yet another highly successful edition of MEOS in Bahrain on these new dates.

In addition to our continued organisational role on the committee, Kuwait Oil Company is committed to sending substantial delegations to attend the conference and exhibition.

During the course of the conference, Kuwait Oil Company directors and managers will contribute to high-level panel discussions whilst numerous papers will be delivered by our researchers and engineers in the technical sessions. I am also delighted to reconfirm that Kuwait Oil Company's Chairman and Managing Director Sami F. Al-Rushaid will deliver a keynote speech at the opening session on 25 September on this year's conference theme 'Shaping the Future: Innovating Beyond Limits.'

During the exhibition, Kuwait Oil Company and Kuwait Petroleum Corporation and subsidiaries will participate with a showcase stand alongside our compatriot GCC national oil companies.

MEOS is the most established oil and gas event in the region, offering exceptional networking, business and educational opportunities to all professionals with an interest in the Middle East's hydrocarbon industry. We strongly urge other participants to join us in Bahrain for this landmark event, and we look forward to meeting them in Bahrain in September.

Kind regards,

Mohammad A. Husain
